**Dark Conspiracy**, published by GDW Game Designers' Workshop, transports players to a dark near future as ancient horrors stalk the Earth. The first edition series consists of the 350 page core rules, ten adventures and sourcebooks, and the Minion Hunter boardgame. The game system was also supported with more than 24 articles and adventures in Challenge Magazine. There's more about the game system in the Guide to Dark Conspiracy.

Don't miss the DC Horror Video they (GDW) produced to promote the system.

Dark Conspiracy used the GDW House Rules system (making it rules-compatible with Twilight: 2000 version 2.2 and Traveller: The New Era).

The Dark Conspiracy system reappeared as Dark Conspiracy 2nd Edition with substantial improvements and upgrades.
